The technology of these fabrics improves some advanced properties:

- Easy cleaning with water;
- Limited absorption of fluids;
- High resistance to mechanical damage, such as scratches, snags;
- Protection against viruses, bacteria and fungi.

Thanks to this technology, these fabrics are able to overcome the challenges of everyday life, giving users maximum comfort and safety on a daily basis.

Easy Water Cleaning

At the production stage, fibres are coated with special molecules that protect the fabric from dirt. Thanks to this, all stains are quickly and efficiently cleaned.

Pet Friendly

Products from this group have undergone special laboratory tests to check resistance to snagging caused by scratching. They are very durable and easy to clean.
